

Dear UHHB Community Members and Partners,

UNIFIED-HIV Health and Beyond (UHHB) realizes the seriousness of COVID-19 along with its many risks especially to immunocompromised populations of people living with HIV. We continue to monitor risks and preventative measures to assure the health and safety for our clients and staff. Following the recommendations of the city and state health departments, non-essential gatherings will be avoided through March 31st.

Additionally, we feel it is prudent to limit visitor access to our building. If you are in need of UHHB services, please contact the appropriate UHHB office and someone will assist you:

UHHB Detroit: 313-446-9800

UHHB Jackson: 517-780-3262

UHHB Ypsilanti: 734-572-9355

The Michigan HIV/STD Hotline can also help answer your questions at 800-872-2437

As a precautionary step, we have increased sanitization efforts around our building in high-touch areas. We encourage you to stay aware of emerging news and recommendations that are provided by the World Health Organization and Centers for Disease Control and Prevention.

Until further notice, UHHB will maintain regular business hours. If necessary, we will make changes to our hours and work access to mitigate further spread of Coronavirus. We appreciate how important it is for the community to have access to UHHB staff and services, so we will make every effort to maintain continuity of care and support.

Learn more information about the status of Coronavirus from both the Center for Disease Control and the Michigan Department of Health and Human Services.

Thank you for your continued support and cooperation

Kevin Howley,

Interim CEO/ President
