

Dear UHHB Community Members and Partners,

UNIFIED-HIV Health and Beyond (UHHB) continues to monitor the latest guidance from local, state, and federal authorities regarding COVID-19. In an effort to minimize the spread of this virus and assure the health and safety for our clients and staff, we have implemented a temporary office closure for all direct services from March 16, 2020 through April 30, 2020. To ensure continuity of care, our staff will be working remotely while we navigate best practices during this health pandemic.

Please note that during this time:

- Case Managers will be available via phone and/or email Monday-Friday from 8:00AM – 4:30PM
- Scheduled UHHB spring events are postponed or cancelled. More details will be forthcoming as we continue to monitor the situation.
- HIV and STI testing services are being referred to local health departments.
- Syringe Access will be available every Monday and Friday from 11:00AM-1:00PM in the UHHB Ypsilanti parking lot. Outreach will continue as scheduled until further notice. Please contact Lemont Gore at 734-961-1078 for more information.

If you are in need of UHHB services or referrals, please contact your local UHHB office:

- Detroit: 313-446-9800
- Jackson: 517-780-3262
- Ypsilanti: 734-572-9355
